WALK ON BARK

S P E C S H E E T

Category: Bark & Mulch

Product Type: Bark

Description:

Walk On Bark is derived from raw fir bark. Walk On Bark works well in most decorative cover applications, providing a natural array of texture. As it decomposes Walk on Bark returns essential nutrients back to the soil that encourages plant growth. Additionally, it aids in moisture retention in the soil, and thick applications of bark assist in suppressing weed growth.

- ✓ Derived from Raw Fir Bark
- ✓ Environmentally Safe
