Product Type: Soil Blend

- ✓ Our 50/50 Lightweight Soil blend is a mixture of screened soil and compost. This mixture of 50% compost and 50% soil is highly recommended when there isn't a solid base of healthy soil. It is a balanced combination that aims to provide an optimal environment for plant growth and vitality.

Application Recommendation

This soil mix is commonly used in container gardening, raised beds, and other planting scenarios where the native soil may not be ideal
